## Lead Time

Our Walk-on Units are available in 4 weeks.

## Installation

To ensure a better weathertightness, there are no external fixings on our Walk-on units

Walk-on units for external use will be supplied with metal fixings straps which are screwed into the internal timber upstand and then covered over with plasterboard to ensure the perfect frameless look.

**Required pitch:** 0 degrees

Full fitting guides will be supplied with every Rooflight and are available to download from our website.

## Colours

Standard Colours:

**Anthracite Grey** RAL 7016m

**Jet Black** RAL 9005m

**Dual colour** (white internal) also available for an additional charge.

**Bespoke RAL** colour also available for an additional charge.

## Warranty

Our Rooflights are guaranteed for 5 year parts only in accordance to our terms and conditions.

Both Warranty certificate and our terms & conditions are available to download from our website.
